

Metal Work Machine
CNC Fiber Laser

**WORKING
 FOR
 24 HOURS**

FIBER LASER
 MODEL: S -1530

Applicable Materials: Carbon Steel, Stainless Steel, Galvanized Sheet, Aluminum Plates, Brass Copper, Iron & its Alloys, Most of The Metal Plate Can be Cut.

FIBER LASER MODEL S -1530

Machine	: 2 kw	Reducer	: Motor Educator
Working Size	: 10*5 feet	Scale Valve	: Innovance
Laser Source	: Raycus 2000w CE	Electric	: Schneider (French)
Cutting Head	: Raytools BM 110	Cooling System	: Tongfei
Control System	: Raytools XC3000S	Wire and Cable	: Dorou (Germany)
Square Guide Rail	: SHAC (Made in Taiwan)	Grease Lubrication System	: Baotn
Rack & Pinion System	: 1.5 mm Made in Germany	Processing Center	: Neway
Driving System	: Servo Motor	Machine Weight	: 2000kg
Reducer	: Motor Educator	Voltage	: 3 Phase
Chiller	: 2kw
