

**FULLY AUTOMATIC  
SLIDING TABLE SAW  
MODEL SUN - 45**

**SLIDING TABLE SAW MODEL SUN - 45**

Product Name	: MJ-45 Sliding Table Saw
Saw Blade Lifting Mode	: Electric Lift
Saw Blade Angle	: 45 Deg.-90 Deg.
Main Saw Power	: 7.5 hp
Auxiliary Saw Power	: 1.5 kw
Slide Table Size	: 3200 390mm
Maximum Sawing Length	: 3100mm
Maximum Cutting Width	: 1250mm
Maximum Sawing Thickness	: 80mm
Main Saw Shaft Speed	: 4000-6000r/min
Slot Saw Blade Rotating Speed	: 7000-8000r/min
Main Saw Blade Size	: Outer Diameter 300mm/inner Diameter 30mm
Slot Saw Blade Size	: Outer Diameter 120mm/inner Diameter 20mm
Spindle Diameter	: 30mm
Dimensions	: 3250*1100*1200mm

1. Using the European seat double-layer push table, step-by-step locking double round rod guide rails, the straightness and stability of the precision push table are extremely high
2. Using imported bearings from Japan, high precision and low noise
3. Cast iron surface grinding, there is no error in the flatness of the table, and the 1.65-meter pull-out and push table is processed by the ruler with high plane positioning accuracy
4. The double bearing increases the swing arm with high smoothness and strong gravity;
5. Square tube frame, the fuselage is wrapped with 5mm cold steel plate, the fuselage is thick and stable, and the spray-painted fuselage does not fade or paint;
6. The electrical appliance adopts genuine contractor and air switch to protect the motor running, pure copper motor.
